Independence Made Simple

The Infinity Curved Stairlift

Comfort reliability and peace of mind all come as standard with the Infinity Curved. Drawing on over 25 years of knowledge within the Stairlift industry we have created a product that offers supreme comfort and reliability. Both ergonomical yet robust the Infinity Stairlift provides an enjoyable ride without compromising safety.

"It surprised me how fast the Infinity arrived, I expected it to take an age. Not with Bespoke Stairlifts though"
Brian Eaves, Pembrokeshire.

Built for the Stairlift industry Worldwide in our Yorkshire factory, Bespoke Stairlifts offer the fastest manufacure and delivery for any taylor-made Stairlift solution. Our curved rail can be installed on almost all types of staircase, on either side, with a variety of start and finish options.

Key Features

1. Ergonomically Designed Seat
Luxuriously upholstered ensuring a comfortable, smooth ride. Various colour options available.

2. Manual or Powered Swivel Options
SImple operation with either option safely enabling the user to easily turn the seat on arrival.

3. Manual Footrest Lever
No awkward bending to lower and raise the footrest.

4. Easy to Use Ergonomic Joystick
Effortless directional control, even for those with limited dexterity.

5. Electronic Keyswitch
Complete security from any unwanted users.

6. Seatbelt
Easy-to-use seatbelt offering the user added safety and comfort.

7. Sensitive Safety Edges
Enabling the Stairlift to stop safely should something obstruct the Stairlift. Safety is always our priority.

8. DC Battery Powered
Works even during a power cut. Charges automatically so the chair is always ready to use.

9. Heavy Duty Option
Comfortably accomodate users up to 160kg (25 stone)

10. Soft Start
Seamlessly ease into the journey with a perfectly smooth start.

"Since having my Infinity Stairlift installed I feel like I have got my home back, my stairs are no longer the problem they once were"
Jill Greaves, Heartfordshire.
